MEGANISASIE

Fokus

Dit is met groot opgewondenheid dat SSK die nuwe **Meganisasie Fokus** bekendstel. Hierdie tydskrif is eksklusief gerig op alles meganisasie en is propvol produkte en nuus.

Dit sal elke twee maande beskikbaar wees by al die Meganisasie- en Handel takke van SSK.

Meganisasie personeel staan gereed om behulpsaam te wees met vriendelike diens, produk kennis en bekostigbare pryse. Skakel ons gerus met u meganisasie behoeftes.

Indien u 'n spesifieke behoefte het —nader ons en ons kan u pasgemaakte produk vir u vervaardig.

Nuwe Produkte

NEW HOLLAND GUARDIAN SP-SPUIITE.

SIT LEKKER. SPUIT RAAK.

**DIE NUWE
SP310F-SPUIITE NOU
BESKIKBAAR!**

NUWE SP3 KAJUIT

Met die nuut-ontwerpte kajuit sal lang werksdae net eenvoudig verdwyn. Die hoë sitposisie in die kajuit verseker uitstekende uitsig. Die verbeterde "Air Ride"-stoel verseker gemak selfs tydens verlengde werksure. Met Bluetooth-radio, "Push Button Start"-knoppie, helderheidsverstellings en outomatiese klimaatbeheer kan enige taak in gerief uitgevoer word.

INTELLIVIEW™ IV-MONITOR

Die 10,5-duim skerm monitor die spuitprosesse en beheer balkhoogte, seksiebeheer, selfstuur-opsies en nog vele meer.

UITSTEKENDE RYVERMOË

Behalwe vir die uitstekende rygerief, kry jy ook minder stremming en slytasie op jou masjien. Met dié kombinasie kry jy ook beter spuitbalkstabiliteit wat groter spuit-akkuraatheid bied teen hoër snelhede.

Nuwe Produkte

TD3.50

"S8000 engine develops a massive 190 Nm of torque at just 1400 rpm. 40% more than before, allowing the engine to be operated at lower speeds to reduce fuel consumption with a 540 rpm PTO speed achievable at just 2016 engine rpm "

New Holland TD3.50 ROPS platform 4WD and 2WD tractors have earned a reputation for dependable and versatile performance in the sub-50 hp category. Combined with a proven record for low whole life operating costs, the TD3.50 is the tractor of choice for orchards, vineyards and as a general workhorse across a wide range of enterprises. Designed to operate day in and day out with minimal demands for fuel and maintenance, a TD3.50 is the dependable small tractor choice. By reducing the overall length, stability is improved too, the tractor having a longer wheelbase to enhance its performance when fitted with a front loader or heavy mounted attachment. With

With an engine service interval of 300 hours

"Offering eight forward and reverse speeds, the Synchro Shuttle transmission is simple to use, with easy selection of the desired ratio. The transmission offers speeds of between 2.8 and 33 km/h. "

"Easy access fuel tank"

"The mechanically engaged front axle has a limited slip differential to optimise traction s tough going The front axle casting is stronger and can now accept large and heavy front weights. A 50 degree steering angel ensures a clean, tight turn."

"the TD3.50 now having a rated lift capacity of 2200 kg
