### **SPRINGFIELD LIFE FROM STONE SAUVIGNON BLANC 750ML**

Life from Stone derives its name from the incredibly rocky soils in which it is grown. Every year the vineyard battles against nature in order to produce highly concentrated, powerful wines with a flinty, mineral character true to the quartz rock in which it is grown. Monumental human effort was required to plant the vines – implements destroyed, and, in the case of the older vineyards, dynamite deployed. A true expression of the site's terroir, this wine will drink well now, or can be enjoyed in the next 2-3 years.

### **SPRINGFIELD WHOLE BERRY CABERNET SAUVIGNON 750ML**

In order to achieve a luscious, juicy wine, we try to have as little intervention in the cellar as possible. Simply de-stemmed, the whole, uncrushed bunches are transported using only a gravity flow system. Whole berry maceration is followed by fermentation with natural yeasts, racking and one year's maturation in oak barrels. The result is a velvety wine with softer tannins and classical varietal characteristics. This traditional wine is unfiltered and unfined, which may deposit sediment and might require decanting.
